1 POLICY

CMCC may accept transfer of credits from institutions accredited by the Council on Chiropractic Education Canada (CCEC) of the Federation of Canadian Chiropractic (FCC), the Council on Chiropractic Education-USA or institutions accredited by agencies that are members of the Council of Chiropractic Education International (CCEI), subject to the following conditions:

1. The applicant must satisfy the minimum CMCC admission requirements in place at the time of application.
2. The applicant must be eligible to return to the last institution attended.
3. The credit hours being transferred must be for course work that is equivalent in credit hours, content, and quality as determined by CMCC.
4. Only credits with a final grade of 'B' or better will be considered for transfer
5. Transfer credits must be earned within five years of the date of admission to CMCC.
6. No more than two years of credit may be granted for course work from another chiropractic program.
7. The final two years of study must be completed at CMCC to qualify for graduation from CMCC.
8. In order to demonstrate necessary skills and knowledge, transfer students may be required to complete examinations, simulations and/or assessments.
9. If the transfer credit assessment process identifies gaps in the student's prior education, additional upgrading may be required at the student's expense.
10. Transfer Credit will be recorded on the student transcript as "TR" and will not be calculated in the student's GPA.
11. Transfer Credit will not be unreasonably withheld.
12. The awarding of Transfer Credit does not result in the reduction of associated annual tuition fees unless the student meets the criteria for part-time student status.

As there are a limited number of places available for transfer students, possession of the minimum requirements does not guarantee admission or transfer to CMCC.

2 PURPOSE

To safeguard the integrity of CMCC's degree by ensuring that students who wish to transfer from other accredited chiropractic programs demonstrate strong academic performance.

3 SCOPE

Students applying to transfer into CMCC's Undergraduate Education program.
