

Welcome Class of '25

From the President

Welcome to the Canadian Memorial Chiropractic College! August 23, 2021 will be a very special day for you, as you begin your studies to become a chiropractor. Faculty, staff and students look forward to the chance to meet you.

Our Orientation Committee is organizing events that will ensure

you are quickly at home with friends at CMCC. We want your time here to be enjoyable as well as educational. The COVID-19 pandemic continues to impact all of us and we are eager to resume all social and on-campus activities as soon as it is safe for everyone. We encourage you to participate fully in Orientation and upcoming activities, whether virtual or in-person, to ensure that you feel connected to the vibrant and engaged community at CMCC.

We are very proud of our program, based on the principles of evidence-based care, and our students, who embody the very best of a modern, patient-centred perspective to chiropractic treatment.

We look forward to your participation in student life at CMCC over the next four years and hope that CMCC will become your home away from home.

I wish you all the best as you join the Class of 2025 and I look forward to seeing you in person in the near future.

Yours sincerely,

A handwritten signature in green ink that reads "D. Wickes".

David Wickes, DC, MA President

From the CMCC Students' Council President

On behalf of CMCC Students' Council, I am pleased to extend a warm welcome to our CMCC family! Orientation Week is an amazing experience where you will meet your classmates, upper year students, future colleagues, staff and faculty members.

Although we may be meeting each other virtually at first, know that Students' Council is here and eager to support you as you navigate through your first week (and the rest of your time) at CMCC. We have a fun week of events planned so you can get to know your classmates, our clubs, services, the hallways you will soon walk through and what student life looks like here on campus. I am also optimistic in the near future, we will be able to make even more memories together, face to face.

While this time is exciting, I know that it often can be equally nerve racking. Try to keep in mind that everyone in your class is in the same boat and likely feeling very similar waves mixed of nervousness and excitement. The beauty of Orientation Week is it gives you time to get to know CMCC and your class without the added stress of academics. Personally, it was one of my most memorable experiences here and I encourage you to try and participate in all it has to offer.

Get excited Class of 2025! Students' Council is looking forward to meeting you in August. If you have any questions, concerns or just want to say hi before then, please feel free to send me an e-mail.

Welcome home!

Sincerely,

A handwritten signature in black ink that reads "Brianna Jarvin".
