

# HOW WOULD YOU LIKE TO BE REMEMBERED?

It is often not easy to think about dying. We value our life and the people in it. These past 18 months have certainly changed the lives of many of us. Our thoughts may have turned to our own mortality and how we want to be better prepared.

This does not have to be a dismal process but one that allows us to celebrate life, think about our families and how we would like to care for them. We also want to celebrate our accomplishments, taking pride in assisting our patients in leading healthy lives and being grateful for those who have helped us along the way.

Writing a will, updating one or simply adding a codicil can be a rewarding experience that brings peace of mind, knowing your wishes can be carried out the way you would like them to.

We hope that you will consider leaving a gift to CMCC in your will. This could be a specific gift of cash, an in-kind transfer or marketable securities or a percentage of the residual. A donation to student awards, research, the library or clinic will make an everlasting legacy.

Alternatively, naming CMCC as the owner of a Life Insurance Policy can turn small monthly premiums into a significant gift. Annual premium payments afford you a charitable tax receipt. Naming CMCC as the beneficiary of an existing or new life insurance policy provides your estate with a donation receipt for the full proceeds and

a donation credit on your terminal tax return, with the potential carry back or carry forward on estate returns.

## Cornerstone Society

Many alumni and friends have included a gift to CMCC in their wills. We are honoured and grateful to be thought of in this way. If you choose to leave a gift to CMCC and wish to let us know, you would become a member of the Cornerstone Society. Your membership in this society can also be anonymous.

Giving a gift such as these offsets the tax on income on your last income tax return. When these assets pass outside the estate, no probate fees are payable, resulting in further savings and the amount of the gift would be private.

We encourage you to contact your financial advisor and lawyer to discuss the best options for you.

Please provide your lawyer with the following information:

Canadian Memorial Chiropractic College  
6100 Leslie Street Toronto, ON M2H 3J1  
Charitable Registration Number: 108075508RR0001

For more information regarding the CMCC options, please contact Dr. Peter Kim, Director, Development and Clinic Advancement at 416 534 3741 or by email at [pkim@cmcc.ca](mailto:pkim@cmcc.ca).
